

A group of approximately 15 people, including men and women of various ages, are posed for a group photo. They are standing in front of a large banner with Chinese characters. The banner reads "经营理念" (Management Philosophy) at the top, followed by "品质至上" (Quality First) and "诚信服务" (Honest Service). The people are dressed in casual to semi-formal attire. Some are giving thumbs up. The background is a simple indoor setting with a white wall and a dark baseboard.

FAQ

Q1:What is your main products of ink?

A:Cheef ink manufactures a full line of high quality, low cost alternative inks, makeup, and cleaners for Continuous Ink Jet (CIJ), Drop on Demand (DOD) and High-Resolution industrial printers and coders. Innovative technology is the core of our business, and our inks are trusted alternatives to products from many OEMs including Videojet, Domino, Imaje, Marsh, Citronix, Linx ,Metronic,Rottweil,and more.

Q2:Which products your ink can be used ?

A:Cheef ink can used on metal, glass, PVC, other plastics, and laminated paper with pigmented inks for use on darker substrates and available in white, gray, silver, and light blue,and so on.

Q3:Is your ink compatible?

A:Yes ,cheef ink can develop the inks for use in your current coding and marking equipment. Whether the ink you've been using is out of stock, been discontinued, too costly or under performing, we can replicate and improve upon OEM manufactured ink. The most important is these inks are guaranteed compatible with your equipment. Just change out the ink, possibly run a flush, and you're ready to go.

Q4:How is your ink quality?

A:All of our inks are developed in our on-site lab which enables us to design and manufacture inks and fluids for the most difficult applications. We use only the highest quality dyes, pigments and materials in our inks.Our Custom ink successfully cover the most demanding manufacturing requirements. Our dye-based CIJ inks is suitable for most applications and is available in a vast range of solvents and colors.

Q5:How many colors of your ink?

A:We can produce the ink according to your request , and customize your color of ink, and make your own private label.

Our soft-pigmented CIJ inks deliver codes in intense colors such as yellow, red, and green, using a standard printer.

Q6:What is main priority of your ink?

A:At cheef Ink we possess a well-equipped Research and Development facility alongside substantial internal resources to offer custom-made products for specific applications.

DOD inks are carefully formulated using a four-stage filtration process, ensuring no sediment, sludge or residue. This minimizes print head maintenance and results in less downtime.

Cheef ink takes great pride in the high-quality, innovative ink solutions we've developed using our tested and proved R&D process methodology.Special ink applications include:UN-erased glass inks,high adhesion ink on PPR,PE pipe,High temperature ink,Non-transfer inks for cable and wire printing,Custom ink development for special applications,Hard pigmented white, blue and green inks

Q8:For the first time ,how can I trust you?

A:Firstly,we think trust are built by little and little, for the first time, you can try a little sample from us, to check our ink quality and check our service,and after the experience, we believe you will like us and be willing to let us be your partner,the most important thing is ,we think business is for long time, not just only once,so ,every client , we treat them as our long time cooperater, it is our company culture.Just contact us now to try it.

Q9:Except products, what you can provide with us?
